Put (√) or (X)

1. Green technology tools contribute to the escalation of environmental pollution due to their utilization. ()
2. The concept of sensors in water faucets relies solely on automatically halting the water flow. ()
3. Electric vehicles represent a form of environmentally friendly technology. ()
4. The concept of green buildings is attributed to institutions that can optimize their resource consumption. ()
5. A word processing program manages the computer hardware components' ()
6. Device security and protection are inherent features of the operating system ()
7. Desktop computers utilize operating systems like Microsoft Window.s ()
8. Smart TVs operate on platforms like Android TV and Tizen. ()
9. Utilizing wearable devices like smartwatches and fitness trackers does not necessitate an operating system ()
10. While you are preparing and getting ready to implement your project on your computer, you must make sure that the required programs are on the device ()
11. Many programs come with their own removal or uninstall ()
12. Atiocncommand ()
13. To uninstall the program, use the Control Panel. ()
14. The operating system helps you uninstall the program. ()
15. Removing unused programs increases the storage space on the disk. ()
16. Operating systems support many devices attached to the computer such as the printer and webcam. ()
17. When the operating system automatically detects the new peripheral device, it installs the appropriate driver for the peripheral device. ()
18. Modern operating systems do not include a list of drivers for many accessory devices. ()

19. A driver is a file or files that the operating system installs to use the new peripheral device with its full features. ()
20. Databases are a collection of data and information that are not related to each other. ()
21. Databases are information stored and managed manually using dedicated programs and applications ()
22. A database is an organized collection of data related to a specific subject. ()
23. Databases are used to save student data in school. ()
24. We use databases to track inventory in stores. ()
25. It is difficult to use databases on websites. ()
26. A data table is a non-essential element in building databases. ()
27. A data table is the only source of data within a database. ()
28. In a data table, each row represents more than one record of data. ()
29. We use Microsoft Access when we have a large amount of complex data. ()
30. We use the "Design View" of the table to write the names of the table fields and determine the type of data. ()
31. We use the "Data View" of the table to enter and display the table data ()
32. We determine the type of data for the student name fields "Text" to perform calculations on it. ()
33. We specify the type of the data of the degrees fields as "Number" to perform a calculation on it. ()
34. In the database table, we must specify for each column the type of data it contains. ()
35. The primary key field is used to uniquely identify each record in the table. ()

36. The primary key value can be repeated within the same table ()
37. The form is a graphical interface designed to interact with data stored in the database ()
38. We use the form to enter, modify or delete this information in an organized and convenient way. ()
39. A new form can be created under the name "Enter Student Grades" using Form Wizard. ()
40. All data entered through the form does not appear in the "Student Grades" table. ()
41. Data can be entered through the data table or through the form. ()
42. There are several other ways to create a form in an Access desktop database. ()
43. We use the Query Design view to display the query results. ()
44. The Query Design View window is divided into three parts. ()
45. The Query Design window is divided into two parts; the upper part is the query design grid. ()
46. The Query Design window is divided into two parts; the lower part is the data source table ()

Choose the correct answer :

- 1- When using the Egypt Digital Portal, it is regarded as one of the...
 - a. piracy forms
 - b. digital transformation tools
 - c. irresponsible website usage.
 - d. electronic assault forms
- 2- Electronic payment applications can be used within the app...
 - a. INSTAPAY
 - b. Google Meet
 - b. WhatsApp
 - c. Email
- 3- is a common characteristic shared by green technology and digital transformation.
 - a. Challenges in digital communication between citizens and government services offered by relevant ministries.
 - b. Slow processes for acquiring digital services.
 - c. Access digital services rapidly and securely.
 - d. Vulnerability of data to hacking on the Internet.
- 4- Green technology and digital transformation tools work on...
 - a. increasing environmental resource pollution.
 - b. minimizing harm to the surrounding environment.
 - c. increasing the rate of raw materials consumption.
 - d. raising the costs of digital services.
- 5- The software is responsible for managing the hardware components and running all other software.
 - A- Antivirus
 - B- Operating Systems
 - C- Word Processing
 - D- Painter

6- Servers use operating systems like

A-Android B- Tizen C- Linux D- macOS

7- Operating systems like Android TV, Tizen, webOS, etc. are used with Devices

A- television B- server C- print D- networking

8- devices are network equipment that require an operating system to operate.

A- Television B- Printing C- Smartwatches D- Routers

9- Most modern cars and vehicles have operating systems to control various functions such as

A- Information and navigation systems B- Point of sale
C- ATMs D- printing

10- is an electronic device through which the customer can pay for the products he has purchased.

A- POS Terminals B- ATMs

C- Industrial control systems D- Smartwatch

11- When you download software from the Internet, the software is in the form of a /an..... which is used to install the software.

A- digital fingerprint B- file C- image D- worksheet

12- Removing a program means that you are

A- Copying all the program files to the computer.
B- Deleting all the program files from the computer.
C- Pasting all the program files to the computer.
D- Saving all the program files from the computer.

13- Many programs come with a command.....

- A- Copy their installation B- Uninstall their installation
- C- Paste their installation D- Compress their installation

14- Removing unused programs leads to

- A- Slowing down the computer B- Saving storage space
- C- Difficulty in using the device D- Stopping the computer

15- When the operating system automatically detects a new peripheral device, it

- A- deletes the driver for the peripheral device
- B- install the appropriate driver for the peripheral device
- C- shutdown the computer
- D- restart the computer

16- To install a new peripheral device, it is required to provide

- A- Information and data B- Drivers
- C- Folder D- Images

17- Modern operating systems include a list of..... for many accessory devices.

- A- Malware B- Viruses C- Songs D- Drivers

18- Email is a.....

- A- manual communication system B- digital communication system
- C- direct communication system D- virus system

19- Through email, you can

- A- delete files B- use cloud computing applications
- C- install programs D- print files.

20- One of the most important uses of email is

- A- scan papers B- to share information.
- C- cyberbullying D- delete files on your device

28- The computer storage service is

- A- Storing files and folders locally on the computer.
- B- Storing files and folders over the Internet.
- C- Sharing and exchanging files
- D- Google Classroom

29- The software and application service over the Internet is known as

- A- Enabling the use of software and applications over the Internet.
- B- Enabling the use of software and applications without the Internet.
- C- Sharing and exchanging files locally
- D- Email service

30- The service of sharing electronic resources via computing is known as....

- A- Computer storage
- B- Sharing files and folders locally on the computer.
- C- Sharing and exchanging files with others over the Internet.
- D- Email sharing

31- Communication is one of the areas of using cloud computing in daily life, and is done through

- A- Email
- B- Software and applications.
- C- Computer storage
- D- Google Sheets

32- Services for storing, sharing and accessing files at any time and from anywhere are called

- A- Email
- B- Software and applications.
- C- Computing storage
- D- Google Sheets

33- We use cloud word processing programs such as

- A- Google Docs
- B- Google Sheets
- C- Google Classroom
- D- Google Cloud Platform

34- We use cloud spreadsheets such

- A- Google Docs B- Google Sheets
C- Google Classroom D- Google Cloud Platform

35- We use cloud collaboration tools such as

- A- Google Docs B- Google Sheets
C- Google Classroom D- Google Cloud Platform

36- The most famous cloud computing service provide

- A- Google Docs B- Google Sheets
C- Google Classroom D- Google Cloud Platform

37- "Google Meet" is

- A- Audio-only service B- Voice-only service
C- Storage service D- Video conferencing service

38- Through you can make calls, group video, share screens, and chat.

- A- "Google Account" B- "Google Docs"
C- "Google Meet" D- "Google Drive"

39- To access the "Google Meet" service, you must have

- A- "Yahoo account" B- "Google account"
C- Bank account D- Electronic wallet

40- The "Google Meet" application is considered one of the ways of.... communication.

- A- Indirect B- Direct
C- Slow D- Difficult

41- To One of "Google Meet" Features is..... ..

- A- Sharing screens B- Talking at anytime
C- Indirect communication D- Slow communication for audio and video

42- express your opinion in an organized manner during a "Google Meet" meeting, you can click on

- A- Meeting link
- B- Hand icon
- C- Talk at anytime
- D- Exit before the end of the meeting.

43- One of general rules that must be followed during the meeting is.....

- A- Talking at anytime
- B- Listening, hearing and turning off the microphone
- C- Giving the meeting link to anyone
- D- Leaving before the end of the meeting.

44- To invite others to a Google Meet meeting, you must send them

- A- Meeting address
- B- Meeting link
- C- Meeting image
- D- Your home address

45- To create a meeting next week through Google Meet, you choose

- A- Start an instant meeting
- B- Meeting for a later time
- C- Stop sharing the presentation.
- D- Sharing screens

46- You have been invited to a Google Meet meeting, to join the meeting you must click on

- A- Meeting address
- B- Meeting link
- C- Meeting image
- D- Your home address

47- To express your opinion in an organized manner during a Google Meet meeting, you can

- A- Speak at anytime
- B- Leave before the meeting ends.
- C- Send a message
- D- Stop sharing the presentation

48- When you are invited to a meeting through a link, you must

- A- Do not send the meeting link to other**
- B- Speak without permission.**
- C - Send the meeting link to anyone**
- D- Leave the meeting**

49- When you finish showing your screen during the meeting, you must click..... .

- A- Do not send the meeting link to others B- Talk without permission.**
- C - "Stop sharing the presentatio"n D- Share screens**

50- During a "Google Meet" meeting, and to organize the meeting, when speaking, you must

- A- Speak at anytime B- Raise your hand**
- C- Leave the meeting D- Send the meeting link to others**

51- To help organize sessions, talk and intervene in an organized and smooth manner..... .

- A- Leave the meeting B- Listen to the speaker**
- C- Speak at anytime D- Open the microphone**

42. We use the Query Design view to display the query results. (x)
43. The Query Design View window is divided into three parts. (x)
44. The Query Design window is divided into two parts; the upper part is the query design grid. (x)
45. The Query Design window is divided into two parts; the lower part is the data source table (x)

Choose the correct answer :

- 1- When using the Egypt Digital Portal, it is regarded as one of the...
 - a. piracy forms
 - b. digital transformation tools
 - c. irresponsible website usage.
 - d. electronic assault forms
- 2- Electronic payment applications can be used within the app...
 - e. INSTAPAY
 - f. WhatsApp
 - b. Google Meet
 - c. Email
- 3- is a common characteristic shared by green technology and digital transformation.
 - a. Challenges in digital communication between citizens and government services offered by relevant ministries.
 - b. Slow processes for acquiring digital services.
 - c. Access digital services rapidly and securely.
 - d. Vulnerability of data to hacking on the Internet.
- 4- Green technology and digital transformation tools work on...
 - a. increasing environmental resource pollution.
 - b. minimizing harm to the surrounding environment.
 - c. increasing the rate of raw materials consumption.
 - d. raising the costs of digital services.
- 5- The software is responsible for managing the hardware components and running all other software.

A- Antivirus B- Operating Systems C- Word Processing D- Painter

6- Servers use operating systems like

- A- Android B- Tizen C- Linux D- macOS

7- Operating systems like Android TV, Tizen, webOS, etc. are used with Devices

- A- television B- server C- print D- networking

8- devices are network equipment that require an operating system to operate.

- A- Television B- Printing C- Smartwatches D- Routers

9- Most modern cars and vehicles have operating systems to control various functions such as

- A- Information and navigation systems B- Point of sale
C- ATMs D- printing

10- is an electronic device through which the customer can pay for the products he has purchased.

- A- POS Terminals B- ATMs

- C- Industrial control systems D- Smartwatch

11- When you download software from the

Internet, the software is in the form of a /an..... which is used to install the software.

- A- digital fingerprint B- file C- image D- worksheet

12- Removing a program means that you are

- A- Copying all the program files to the computer.
B- Deleting all the program files from the computer.
C- Pasting all the program files to the computer.
D- Saving all the program files from the computer.

13- Many programs come with a command

- A- Copy their installation B- Uninstall their installation
C- Paste their installation D- Compress their installation

14- Removing unused programs leads to

- A- Slowing down the computer B- Saving storage space
C- Difficulty in using the device D- Stopping the computer

15- When the operating system automatically detects a new peripheral device, it

- A- deletes the driver for the peripheral device
B- install the appropriate driver for the peripheral device
C- shut down the computer
D- restart the computer

16- To install a new peripheral device, it is required to provide

- A- Information and data B- Drivers
C- Folder D- Images

17- Modern operating systems include a list of for many accessory devices.

- A- Malware B- Viruses C- Songs D- Drivers

18- Email is a

- A- manual communication system B- digital communication system
C- direct communication system D- virus system

19- Through email, you can

- A- delete files B- use cloud computing applications
C- install programs D- print files.

20- One of the most important uses of email is

- A- scan papers B- to share information.
C- cyberbullying D- delete files on your device

21- One of the advantages of using email is.....

- A- speed in sending and receiving messages very quickly.
- B- spam
- C- fraud
- D- viruses

22- Email is considered.....

- A- one of the direct communication tools.
- B- one of the indirect communication tools.
- C- manual communication system
- D- text file

23- One of the disadvantages of using email is.....

- Speed
- B- Cost
- C- Ease
- D- Hacking

24- From email service providers

- A- Gmail
- B- Paint
- C- Google Docs
- D- YouTube

25- To get one of the Gmail services, you must create

- A- Text file
- B- "Google Account"
- C- Presentation file
- D- "Google Meet"

26- To log out of your Gmail account, click on the..... icon.

- A- Sign in
- B- Sign out
- C- Shutdown
- D- Close

27- Cloud computing is known as a model for providing

- A- Presentations
- B- Digital services over the Internet.
- C- Google Docs
- D- Google Classroom

28- The computer storage service is

- A- Storing files and folders locally on the computer.
- B- Storing files and folders over the Internet.
- C- Sharing and exchanging files
- D- Google Classroom

29- The software and application service over the Internet is known as

- A- Enabling the use of software and applications over the Internet.
- B- Enabling the use of software and applications without the Internet.
- C- Sharing and exchanging files locally
- D- Email service

30- The service of sharing electronic resources via computing is known as....

- A- Computer storage
- B- Sharing files and folders locally on the computer.
- C- Sharing and exchanging files with others over the Internet.
- D- Email sharing

31- Communication is one of the areas of using cloud computing in daily life, and is done through

- A- Email
- B- Software and applications.
- C- Computer storage
- D- Google Sheets

32- Services for storing, sharing and accessing files at any time and from anywhere are called

- A- Email
- B- Software and applications.
- C- Computing storage
- D- Google Sheets

33- We use cloud word processing programs such as

- A- Google Docs
- B- Google Sheets
- C- Google Classroom
- D- Google Cloud Platform

34- We use cloud spreadsheets such

- A- Google Docs B- Google Sheets
C- Google Classroom D- Google Cloud Platform

35- We use cloud collaboration tools such as

- A- Google Docs B- Google Sheets
C- Google Classroom D- Google Cloud Platform

36- The most famous cloud computing service provide

- A- Google Docs B- Google Sheets
C- Google Classroom D- Google Cloud Platform

37- "Google Meet" is

- A- Audio-only service B- Voice-only service
C- Storage service D- Video conferencing service

38- Through you can make calls, group video, share screens, and chat.

- A- "Google Account" B- "Google Docs"
C- "Google Meet" D- "Google Drive"

39- To access the "Google Meet" service, you must have

- A- "Yahoo account" B- "Google account"
C- Bank account D- Electronic wallet

40- The "Google Meet" application is considered one of the ways of.... communication.

- A- Indirect B- Direct
C- Slow D- Difficult

41- To One of "Google Meet" Features is..... ..

- A- Sharing screens B- Talking at anytime
C- Indirect communication D- Slow communication for audio and video

- 42- express your opinion in an organized manner during a "Google Meet" meeting, you can click on
- A- Meeting link B- Hand icon
- C- Talk at anytime D- Exit before the end of the meeting.
- 43- One of general rules that must be followed during the meeting is.....
- A- Talking at anytime
- B- Listening, hearing and turning off the microphone
- C- Giving the meeting link to anyone
- D- Leaving before the end of the meeting.
- 44- To invite others to a Google Meet meeting, you must send them
- A- Meeting address B- Meeting link
- C- Meeting image D- Your home address
- 45- To create a meeting next week through Google Meet, you choose
- A- Start an instant meeting B- Meeting for a later time
- C- Stop sharing the presentation. D- Sharing screens
- 46- You have been invited to a Google Meet meeting, to join the meeting you must click on
- A- Meeting address B- Meeting link
- C- Meeting image D- Your home address
- 47- To express your opinion in an organized manner during a Google Meet meeting, you can
- A- Speak at any time B- Leave before the meeting ends.
- C- Send a message D- Stop sharing the presentation

48- When you are invited to a meeting through a link, you must

- A- Do not send the meeting link to other
- B- Speak without permission.
- C - Send the meeting link to anyone
- D- Leave the meeting

49- When you finish showing your screen during the meeting, you must click..... .

- A- Do not send the meeting link to others B- Talk without permission.
- C - "Stop sharing the presentatio"n D- Share screens

50- During a "Google Meet" meeting, and to organize the meeting, when speaking, you must

- A- Speak at any time B- Raise your hand
- C - Leave the meeting D- Send the meeting link to others

51- To help organize sessions, talk and intervene in an organized and smooth manner..... .

- A- Leave the meeting B- Listen to the speaker
- C - Speak at any time D- Open the microph
